

Welcome to Bert Bowes

Welcome to our incoming grade 6 students. We invite you to explore Bert Bowes by taking this self-directed tour. There are a few things we would like to note for you before you get started

Our building is set up for Social distancing right now, so it looks a little different than it normally does. There are desks stacked in rooms, and even set up in the gym. We still wanted you to get to know the building despite this.

To get upstairs, you can go up the stairs that are at the far end of the of hall on the first floor. To get back downstairs, you can either take the same stairs down, or go down the ones that are located at the end of the hall, on the second floor, after the foods room (this will make more sense once you start looking around). These stairs will actually lead you back to the wood shop.

Here is a little scavenger hunt. It does go in that you walk through the halls. See if you can answer all the questions as you explore!
